BUDGET MESSAGE

Office of the City Manager

INTRODUCTION

In accordance with Article VI of the City Charter, the City Council adopted the following budget for the City of Cape Girardeau, Missouri, for the period from July 1, 2014 to June 30, 2015. The adopted budget is balanced within the total of estimated income plus unencumbered fund balances.

This budget provides the financial plan for the various City departments to deliver services to the citizens of the City and provide infrastructure for future City development. The various departments funded under this budget are organized by department as set out in the administration ordinance of the City. These departments include Administrative Services, Development Services, Parks and Recreation, Public Safety, and Public Works. Outside of these Departments are the following budget categories: Debt Service and Capital Improvement Program (governmental fund types only) and Contingency. Internal Service Funds (funds that provide and charge for service to other city programs) are not included in the above categories to avoid reporting costs twice. A summary of the City's Budget by department is included on page 3 of this Budget.

The Administrative Services Department administers the fiscal affairs and personnel policies, manages the airport, provides convention and visitors services, and provides legal counsel and representation. This budget authorizes 31 full time and 34.69 full time equivalent employees (FTE) for this department. Its operating budget is \$3,964,390.

The Development Service Department coordinates activities pertaining to community and economic development. This budget authorizes 27 full time and 27.92 (FTE) for this department. Its operating budget is \$3,465,832.

The Parks and Recreation Department is responsible for the care and upkeep of the 26 city parks totaling around 665 acres, maintaining recreation facilities and buildings, and supervising a city recreation program. This budget authorizes 55 full time and 118.20 (FTE) for this department. Its operating budget is \$6,087,105.

The Public Safety Department is responsible for protecting life and property through the enforcement of state and city ordinances, fire and crime prevention activities, and emergency response. Its service area is approximately 28.4 square miles and is responsible for protecting approximately 36,000 citizens and a total day-time population of approximately 100,000 people. This budget authorizes 176 full time and 177.98 (FTE) for this department. Its operating budget is \$13,691,790.

INTRODUCTION (Cont.)

The Public Works Department is responsible for the care and maintenance of the city streets and sidewalks, the operation and maintenance of the city's water and sewer systems, the operation of city's solid waste disposal service, and maintenance of the city's storm water systems. This department currently maintains 223 linear miles of streets, 256 linear miles of water lines, and 225 linear miles of sanitary sewer lines. This budget authorizes 86 full time and 87.44 (FTE) for this department. Its operating budget is \$20,736,646.

In total this budget authorizes 390 full time and 462.33 (FTE) with a total operating budget of \$52,757,999. This budget also authorizes an additional \$18,321,321 in capital outlays.

Budget Hearing Requirements

The City Council, in accordance with Article VI of the City Charter held a public hearing regarding this budget on Monday, June 2, 2014 and approved a budget ordinance at its meetings on June 2 and June 16, 2014.

Another public hearing will be required in conjunction with the adoption of the tax levy. The state law requires the County Clerk to certify to the City, by July 1 of each year, the assessment information on which the City can calculate its actual tax levy. Once this information has been provided to the City, the City Council must hold a public hearing after adequate notice has been published, and at that time (normally first meeting in August), the City Council formally adopts the tax levy for the City of Cape Girardeau.

BUDGETARY ACCOUNTING BASIS

All financial data included in this budget reflect the modified accrual method of accounting. Under the modified accrual method capital purchases, bond issuance costs, and bond principal repayments are reflected as expenses when made and bond proceeds, grants for capital projects, special tax assessments, and sewer connections fees are treated as revenue when received.

PROGRAM BUDGETS

A summary of the program budgets is included on page 3 of this Adopted Budget. A more detailed breakdown of the programs by departments is included in pages 4 – 9. Total operating expenditures for all programs excluding Internal Service Funds is \$52,757,999. This is a total increase of \$3,545,390 or 7.20% more than the prior year's original adopted budget. This change is made up of increases in personnel, debt service, and operating costs which increased \$165,206 or .67%, \$1,132,209 or 33.03%, \$2,247,975 or 10.63% over the prior year's budget, respectively.

PROGRAM BUDGETS (Cont.)

This budget includes the impact of a July 1, 2014 2% wage increase for all City employees at a cost of \$381,930 and reflects an increase in the funding rate for the City's retirement program at a cost of \$69,570.

Internal charges for workmen's compensation coverage were \$102,128 less than the previous year's budget and reflect improved claims during the past five years.

This budget also reflects the positive changes in internal charges for employee and retiree health coverage. Employee and retiree health coverage were \$169,501 and \$155,717 less respectively than the prior year's budget. This budget's internal charges were based on 100% of expected claims vs 107.5% in the previous year. The number of retirees receiving health coverage decreased significantly during the past year.

This budget also includes the following:

The elimination of the GIS Manager and GIS Tech positions saved \$102,364. However, the City entered into a contract with Alliance Water Resources to provide these services at a cost of \$100,000.

The responsibility of the communications operations (13 full-time employees and .96 FTE part-time employees) was transferred to the police division from the fire division. Total personnel costs associated with this operation are \$653,390.

Allowed for paramedic specialty pay for an estimated nine additional paramedic positions that should result from a grant funded training program that is currently taking place. The cost of this additional specialty pay will be \$12,196.

A \$122,126 contingency was established to cover potential extra police and fire personnel costs during the year.

A part-time air traffic controller position was eliminated and replaced with a part-time administrative clerk position resulting in a net savings of \$8,125.

Changes were made to various park and recreation divisions with costs of \$29,879. These changes were funded with additional transfers from the parks / stormwater sales tax – operations fund.

This budget includes \$4,560,110 for non-enterprise fund debt service. This was \$1,132,209 or 33.03% more than the previous budget. There were two factors driving the increase. This budget includes a \$460,000 annual payment on an industrial park that was purchased during the previous year and the payoff of bonds from the public safety trust fund. The fire sales tax that supported this repayment will expire on December 31, 2014. The budget for payment on these bonds was \$677,315 more the previous year.

PROGRAM BUDGETS (Cont.)

This budget includes \$23,395,665 for non-personnel operating expenses. This was \$2,247,975 or 10.63% more than the previous budget. The following changes contributed toward this increase:

This budget includes a \$50,000 replenishment of the Marketing fund of the Convention and Tourism Bureau from the Convention and Tourism Fund and \$100,000 for restriping runways at the Cape Girardeau Regional Airport from the Airport Fund. Nothing was included in the previous year's budget for these items. Ninety percent of the runway project will be paid with grant revenues.

Economic payments due under various development agreements included in this budget are \$526,250 which is \$241,850 or 85.0% greater than those included in the previous budget as a result of the Menards and Academy Sports agreements.

This budget allocates \$300,000 from the innovation allocation in the Casino Revenue Fund for a future employee compensation component. The Casino Riverfront Development Fund also allocated \$100,800 to be used to fund operating expenses of Old Town Cape.

The planning division budget includes \$100,000 for a contract with Alliance Water Resources to provide GIS services. In the previous year these services were provided by City employees.

The Housing Development Grant Fund includes \$177,000 for potential projects for which grants may become available during the year. Nothing was included in the previous year's budget.

This budget added \$28,396 to police division's budget for a contract to provide health care services to the prisoners in the City jail. The budget for prisoner food was also increased by \$10,000 or 15.38%.

This budget includes a \$150,000 one-time expenditure in the street division to replenish the salt inventory that was depleted during this year's abnormal winter weather.

Debt service payments of the enterprise funds are treated as operating expenses in the program budget summaries. The previous Sewer Fund budget included \$3,254,888 for debt service on State Revolving Fund bonds and loans. This budget includes \$1,737,932 or 53.39% more for debt service than the previous year. This results from additional debt related to the financing of the new sewer plant.

Additional costs associated with operation of this plant are included in this budget for the Sewer Fund. Costs totaling \$184,500 were added to the sludge disposal and plant operation divisions' budgets. The new plant should be completed by the fall of 2014.

This budget also included \$19,126 in the stormwater division for half share of a lease payment on a street sweeper and one time maintenance costs totaling \$25,000 in the main street levee division. No lease or one time expenditures was included in the previous year's budget. Use of the street sweeper will be shared with the street division.

PROGRAM BUDGETS (Cont.)

This year's Water Fund budget included \$160,000 for relocation of water lines which was a \$100,000 or 166.67% more the previous year's budget. This reflects the trend during the past several years.

Leaf pickup costs totaling \$38,000 were included in this year's Solid Waste Fund's budget for the recycling division. This was \$16,750 more than was included in the previous year's budget and reflects actual costs from fiscal year ending June 30, 2013.

This budget includes \$87,670 of various one-time operating expenditures through various parks and recreation divisions that were funded with additional transfers from the Parks / Stormwater Sales Tax – Operations Fund. In the previous budget there were none.

Other significant changes in operating expenses that resulted in decreases in this budget are the following:

The previous budget allowed for \$1,227,570 in payments to Southeast Missouri State University for the City's commitment to the "River Campus" Project. These payments were required to be made to the university until the "River Campus" Bonds were paid off. These bonds were issued as part of the City's commitment to the "River Campus" project and were paid off during the current year. No payments are projected for this budget.

The year's Water Fund's budget included \$250,000 for replacement of meters with radio read meters. The previous year's budget had included \$350,000 for meter replacement.

This budget included \$852,130 for contracted disposal services at the City's transfer station. This is \$86,470 or 9.2% less than the contracted disposal services included in the previous budget and reflects a projected decrease of tonnage at the transfer station.

There was no provision for limb pickup costs in the recycling division of the Solid Waste Fund included in this budget. In the previous year the budget provided \$66,693 for limb pickup. Previously the General Fund charged the Solid Waste Fund for limb pickup. This budget assumes that the General Fund will no longer charge for these services.

Total capital expenditures for all programs excluding Internal Service Funds are \$18,321,321. This is a total decrease of \$3,538,843 or 16.19% from the previous year's budget.

GENERAL FUND REVENUES

The General Fund is almost totally supported by general taxes and accounts for the basic municipal functions of police, fire, street maintenance, parks maintenance, etc. In addition, this fund is used to finance temporary cash flow shortfalls in other funds, to provide a contingency account, to provide operating transfers to the parks and recreation, airport, and softball complex funds, and to meet special project needs for economic development and other purposes approved by the City Council.

The revenue for this fund excluding pass through transfers is projected to be derived as follows:

<u>SOURCE</u>	<u>AMOUNT</u>	<u>% OF TOTAL FUND</u>	<u>% CHANGE</u>
Property Taxes	\$1,797,451	7.4%	4.6%
Sales Tax	10,020,000	41.3%	0.9%
Franchise Tax	4,785,975	19.8%	-1.4%
Cigarette Tax	177,000	0.7%	4.1%
Licenses & Permits	1,645,112	6.8%	2.3%
Intergovernmental	493,193	2.0%	-4.3%
Service Charges	231,900	1.0%	3.6%
Fines & Forfeitures	1,029,000	4.2%	-.1%
Interest	73,917	0.3%	16.1%
Miscellaneous	403,934	1.7%	-7.9%
Internal Service Charges	963,736	4.0%	-7.7%
Motor Fuel Tax Transfer	1,120,000	4.6%	15.5%
Public Safety Trust Transfer (Sales Tax)	1,202,400	5.0%	0.9%
Other Transfers	287,934	1.2%	-17.2%
TOTAL	<u>\$24,231,552</u>	<u>100.0%</u>	<u>0.5%</u>

Sales Tax represents 46.3% of the total General Fund budget; therefore, the assumptions of growth in this revenue can have a significant impact on the amount of funds projected to be available for payroll, equipment, and capital improvement projects. Each 1% change in the sales tax receipts equals approximately \$110,000 in revenue. For this budget, sales tax is projected to be 3.0% above the actual revenue for the fiscal year ending June 30, 2013.

GENERAL FUND REVENUES (Cont.)

Franchise Taxes represent 19.8% of the total General Fund budget. Each 1% change in franchise tax receipts equals approximately \$48,000 in revenue. Franchise Taxes projected for this budget are \$65,525 or 1.4% less than those projected in the prior year's budget. Franchise Taxes from the City's natural gas and electricity provider is projected to decrease \$96,000 or 2.8% based mainly on lower electricity and natural gas rates that are currently in effect. Franchise Taxes from the remaining providers are projected to be \$30,475 or 2.2% more than the prior year in this budget.

The property tax, which is the next most important revenue source, only represents 7.4% of the General Fund. Each 1% change in the assessed valuations of property will equal approximately \$18,000 in revenue. Each \$0.01 change in the property tax levy will equal approximately \$59,000 in revenue. Assessed valuation is assumed to grow 2.0% and 1.0% for real estate and personal property taxes, respectively. No tax levy increase is assumed in this budget.

USER CHARGES

Projected sewer, water, and solid waste revenues included in this budget assume no rate increases during the fiscal year ending June 30, 2015. Projected revenues for these funds is based on the estimated number of June 30, 2014 customers and there projected usage for that year.

This budget also includes various rate increases effective January 1, 2015 at the municipal golf course. These increases can be seen on page 309 in this budget. As new activities arise during the year, user fees may be charged to offset operating costs. Increases were necessary to meet the operating and equipment needs of the Golf fund.

PAYROLL

A summary of the number of authorized positions by department by year is included in pages 363 - 364 of the appendices. The total payroll for all operations, including all fringe benefits, is \$24,802,224. This is 47.0% of the total operating expenditures and reflects a 0.67% increase over the current budget. In the current year payroll represents 50.1% of the total operating budget. This budget includes a city-wide 2% salary increase for its employees effective the first payroll in July.

DEBT SERVICE

A summary of the city's outstanding bonded debt and its anticipated sources of repayment are included along with detailed schedules of debt service requirements in pages 368 – 385 of the appendices. Total debt service payments during the coming fiscal year will be \$10,832,224 which includes an anticipated \$61,643 to be repaid to the General Fund for loans to other city funds. All debt service is paid from specific revenue sources designated for that purpose in this budget.

CAPITAL IMPROVEMENTS

A complete list of capital improvement program appropriations included in this budget is shown on pages 360 - 362 of the appendices of this budget document. These expenditures total \$17,521,000 and will result in the accomplishment of all but a few of the projects (or phases of projects) as set out in the transportation and environment sections for the first year of the current Five Year Capital Improvement Program recently adopted by the City Council. The business park street infrastructure, corporate hangar access road, and airport parking lot seal coat projects have been deferred until grant financing has been achieved.

A parks / storm water sales tax was passed in April 2008 and will provide funding for the parks and storm water projects included in the Five Year Capital Improvement Program. However, these projects have not been included in this budget but are included in a project length budget.

CONCLUSION

In preparing the annual operating budget, the City Staff has had the opportunity to review and revise current services with the goal of achieving greater efficiency and effectiveness in the delivery of municipal services. A number of key decisions relative to revenue assumptions, fees, equipment, capital improvement, and payroll are represented in the adoption of the City Budget. We feel this annual financial plan will provide the citizens of this community a quality level of municipal services that is within available revenues.

During the last ten fiscal years the passage of the Fire Sales Tax has allowed the City to make great strides in equipping the Fire and Police Departments. In April 2008, the citizens passed a Parks / Storm Water Sales Tax. This has allowed the City to make progress in equipping and providing personnel for the various park divisions and complete significant park and storm water projects that had been unfunded for several years. However, the general fund still produces very little operating margin to fund the rest of its equipment, personnel, and capital projects needs. The lack of operating margin in the general fund also reduces our ability to withstand future economic downturns.

Projected General Fund results for the next five years are shown on page 27. These projections include operating expenses growing at the rate of inflation and \$100,000 annual expenditures for capital outlays. During the five year projection period sales tax revenue must grow at 1.00% above the rate of inflation to provide for some capital expenditures and to maintain a constant unreserved fund balance. During the past ten years City's sales tax revenue has averaged growing 2.43% annually while annual inflation has averaged 2.48%. The growth of sales tax revenue was 1.0% above inflation in only 3 of the past 10 years. The City will likely be challenged to meet its operating and capital equipment needs in the future with its current revenue and expense structure.

Revenue growth in the current year has been weak. However, the City should end the current year with a general fund unreserved fund balance that exceeds \$2.9 million or 10.5% of 2014 – 2015 proposed operating expenditures of funds traditionally supported by the general fund. This estimated fund balance combined with what hopefully will be an improving economy may allow the City to meet some of its capital needs while providing a cushion to withstand future economic downturns.

Respectfully submitted,

City Manager

Finance Director

REVENUE/EXPENDITURE PROJECTIONS

The following assumptions were used for the proposed budget for the fiscal year ending June 30, 2015 and projections for the following five years.

Inflation is projected to be 2% during the entire 6-year period.

Sales tax for the fiscal year ending June 30, 2015 is projected to be 3.0% above the actual sales tax for fiscal year ending June 30, 2013. Sales tax is projected to increase 3.00% per year thereafter.

Cable Franchise Tax for the fiscal year ending June 30, 2015 was projected using the revenue from the quarter ending 9/30/13. The projected amount was 2.2% more than the previous fiscal year. Revenue is projected to increase 3.0% annually during the following five years.

Real Estate and Property Tax assessed valuations are projected to grow at 2.0% and 1.0% respectively for the fiscal year ending June 30, 2015 and 2.0% annually for the following five years. No tax levy increases are assumed in any of the years.

Franchise Tax from AmerenUE is projected for the fiscal year ending June 30, 2015 using average electric and natural gas usage from the last 3 calendar years ending in 2013 and rates currently in effect. Revenues are projected to increase 2% per year thereafter.

Court Revenue is projected at levels that are 9.4% above actual amounts received during fiscal year ending June 30, 2013 and projected to grow at the rate of inflation for the remaining 5 years.

All other fees and licenses that are allowed to be adjusted without voter approval are projected to grow at the rate of inflation for the remaining 5 years. The remaining fees and licenses are maintained at current levels.

Operating expenditures, excluding personnel costs and internal equipment rent, are projected grow at the rate of inflation in years following fiscal year ending June 30, 2015. Personnel expenditures are projected to include cost of living increases equal to the inflation rate in the fiscal years after June 30, 2015. Costs for health and dental insurance are projected to grow 6% and 3% annually, respectively, during these years.

Internal equipment rent expense is projected to remain at June 30, 2015 levels during the following five years.

AIRPORT FUND

**AIRPORT FUND
BUDGET HIGHLIGHTS**

ACTIVITIES

The Airport Fund accounts for the operation and maintenance of the municipal airport facility in accordance with Federal Aviation Administration regulations. The airport provides a service facility for passenger traffic, private and commercial aircraft, and related business activities. Additionally, the City operates the Airport's fueling operations.

SIGNIFICANT OPERATING CHANGES

Net margin from Airport's FBO sales are projected to increase \$29,164 (9.4%) over the previous year's budget. This reflects projected activity for the fiscal year ending June 30, 2014. This budget also includes an estimated \$22,800 in rental revenue from new t-hangars which should be completed before the beginning of the year.

This budget eliminated a part-time air traffic controller position and replaced it with a part-time administrative clerk position resulting in a net savings of \$8,125.

SIGNIFICANT ONE-TIME EXPENDITURES

This budget includes \$6,000 for an automatic rolling gate system, \$6,300 for a used airfield operation vehicle, \$100,000 for re-striping of the runways, \$2,500 for new carpeting, and \$9,900 for various small equipment. \$90,000 of the re-striping project is projected to be funded by a grant.

REVENUE/EXPENDITURE PROJECTIONS

Revenues, excluding interest, grant revenue, and FBO sales, are projected to increase at 3% over the 5-year period. Net profit margin from FBO sales are maintained at year ending June 30, 2015 levels over the remaining five years. Operating expenses, excluding personnel expenses are projected to grow at the rate of inflation. Personnel expenditures are projected to include cost of living increases equal to the inflation rate in the fiscal years after June 30, 2015. Costs for health and dental insurance are projected to grow 6% and 3% annually, respectively, during these years.

No capital outlays are projected since General Fund transfers would support any capital outlays.

SIGNIFICANT OPERATING CHANGES

This budget assumes that a new water feature will be completed at Cape Splash before May 2015. Additional revenue from this feature was projected at \$40,500. An additional .47 part-time FTE was added to this budget at a cost of \$7,930 as a result of this feature.

This budget reflects the results of a reorganization of supervisory staff throughout the various divisions of this fund. Although this reorganization created no additional positions in this fund it did result in changes to how the employees were charged to divisions in this fund. Some of the employees affected by this reorganization received promotions as the result of their new job responsibilities.

SIGNIFICANT ONE-TIME EXPENDITURES

This budget includes \$16,434 for tables and chairs to be used for events at the A. C. Brase building, \$4,800 to replace the flooring in meeting room 2AB at the Osage Community Center, \$9,000 for lounge furniture for Cape Splash, \$22,500 for repaint the Lazy River at Cape Splash and \$15,236 for various small equipment for the various divisions of the fund. All of these purchases will be funded by a transfer from the parks / stormwater sales tax – operations fund.

This budget also includes \$5,000 for artist fees related to the public art exhibit.

REVENUE/RATE INCREASES

No rate increases are proposed in this budget. As new activities arise during the year, user fees may be charged to offset operating costs.

REVENUE/EXPENDITURE PROJECTIONS

Service charge revenue is projected to grow 3% annually over fiscal year ending June 30, 2015 levels. Operating expenses, excluding personnel expenses, are projected to grow at a 2% annual inflation rate. Personnel expenditures are projected to include cost of living increases equal to the inflation rate in the fiscal years after June 30, 2015. Costs for health and dental insurance are projected to grow 6% and 3% annually, respectively, during these years.

No capital outlays are projected since any capital outlays would be supported by General Fund transfers.

CONVENTION AND VISITOR'S FUND BUDGET HIGHLIGHTS

ACTIVITIES

The Convention and Visitor's Fund provides for the receipt and disbursement of all funds in conjunction with the hotel/motel/restaurant tax. This is a gross receipt tax that provides for a rate of 4% on hotel/motel rooms and 1% on restaurants. The funds may be used for conventions and tourism purposes, as well as other uses authorized by the ordinance and law. A voter approved change, effective January 1, 1999 allocated ¼ of the hotel/motel gross receipts tax to fund a joint city/university "River Campus" project. Effective November 1, 2004, this change also allocated all restaurant, hotel, and motel gross receipts taxes not required for the operation of the convention and visitors bureau to this project. Payments to the University for this Project are shown as special project costs in the budget.

REVENUE/RATE INCREASES

There is no tax increase within the proposed 2014 -2015 Convention and Visitor's Fund.

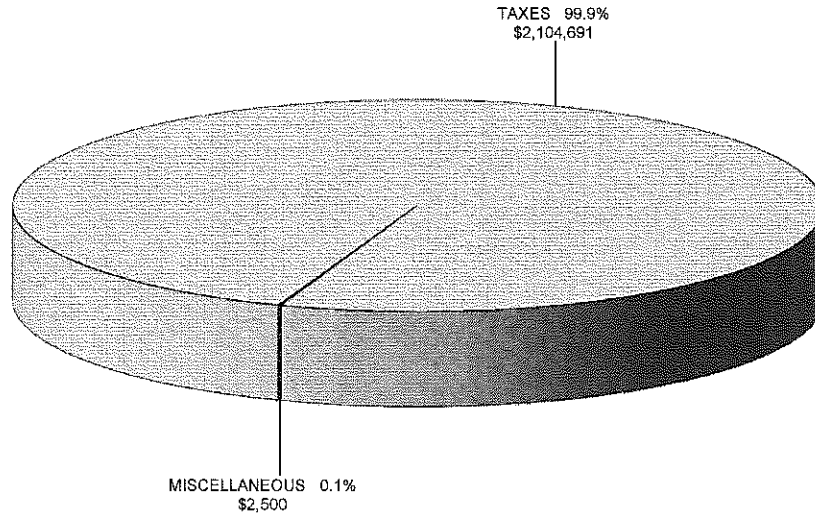

REVENUE/EXPENDITURE PROJECTIONS

Hotel and motel gross receipt taxes are projected at 3.8% above fiscal year ending June 30, 2013 actual levels. Restaurant gross receipt taxes are projected at 4.8% above fiscal year ending June 30, 2013 actual levels. Repayment of the \$8.9 million of bonds that were issued by the University to fund the city's portion of the "River Campus" project occurred during fiscal year ending June 30, 2014.

Future expenditures from this fund are controlled by an agreement between the City and MidAmerican Hotels Corporation. This budget includes payments to the Cape Chamber of Commerce for operation of the Convention and Visitors Bureau and transfers to the City's Park Improvement fund as allowed by the previous agreement.

MOTOR FUEL TAX FUND

MOTOR FUEL TAX FUND BUDGET HIGHLIGHTS

ACTIVITIES

The Motor Fuel Tax Fund provides for the receipt of funds from the City's allocable portion of the state motor fuel taxes, the state sales tax on motor vehicles, the state vehicle license fees. The state motor fuel tax is 15% of the remaining net proceeds of that tax and is allocated to various incorporated cities, towns and villages within the State based on the population of that City. As stipulated in Article IV of the Missouri Constitution all taxes in this fund provide for the construction, repair, signing or lighting of roads, street and bridge projects. The only airport improvement expenses that could be approved are those for construction or repair of streets and roads within the airport property.

REVENUE/EXPENDITURE PROJECTIONS

State Motor Fuel Tax revenues for fiscal year ending June 30, 2015 are projected to equal the projected revenues from fiscal year ending June 30, 2014. Revenues are anticipated to be stable over the following five years.

This budget includes \$1,120,000 transfers to the general fund. The projected amounts of revenue from this fund available to carry out the five-year Capital Improvement Program for streets are \$550,000 annually for the five remaining fiscal years. Projected annual transfers to the General Fund are \$970,000 for the five remaining fiscal years. No transfers are required for debt service.

CASINO REVENUE FUND

CASINO REVENUE FUND BUDGET HIGHLIGHTS

ACTIVITIES

This fund will account for the receipt of all revenues associated with the Isle of Capri Casino that opened in October 2012. During the fiscal year ending June 30, 2011 \$2,000,000 in revenue from sale of City property to the Isle of Capri was placed in this fund. This money was subsequently transferred to the debt service fund to pay off debt early and to the general fund to replenish the emergency reserve fund.

REVENUE/EXPENDITURE PROJECTIONS

The activity for the fiscal year ending June 30, 2015 includes a \$260,000 transfer from the general fund and transfers to the transportation trust IV fund totaling \$260,000 to assist in the Broadway project. The City Council instructed that the \$260,000 annual cost savings from the debt that was paid off early during the fiscal year ending June 30, 2011 be put back annually into the casino revenue fund.

This budget also assumes tax revenue from the Casino and interest revenue and assumes a \$168,000 matching transfer to the riverfront economic development fund, a \$460,000 payment on the Industrial Park loan and \$442,400 in innovation expenditures.

This budget assumes that the tax revenue for fiscal year ending June 30, 2015 will be allocated as follows: actual amount needed to match Casino's contribution to the riverfront economic development fund; 3% for adjacent communities; 10% for legacy; 20% for innovation; and 40% for capital projects.

SEWER FUND

**SEWER FUND
BUDGET HIGHLIGHTS**

REVENUE/RATE INCREASES

Revenue is projected based on projected residential and commercial usage for the current year. No rate changes are included in this budget.

SIGNIFICANT OPERATING CHANGES

In June 2010 voters approved bond authorization of \$72 million to design and construct a new sewer plant. Construction of the new plant is expected to be completed by the fall of 2014. This budget includes \$1,390,000 in Inflow and Infiltration (I & I) reduction projects to be funded from these bond proceeds.

This budget includes an additional \$185,000 in operating expenses associated of the operation of the new wastewater plant, an additional \$45,045 for one-time small equipment and maintenance costs and \$19,126 for half the annual lease cost of a street sweeper to be shared with the City's street division.

CAPITAL IMPROVEMENT BUDGET AND EQUIPMENT REPLACEMENT

This budget provides \$1,390,000 in Inflow and Infiltration (I & I) reduction projects. This budget also provides \$57,022 to replace two ¾ ton 2008 Chevrolet Silverado.

REVENUE/EXPENSE PROJECTIONS

Revenue projections assume projected 2013- 2014 usage levels for the 5-year period, no annual rate increases, and annual sewer connection fees of \$80,000. Additional rate increases are not likely to be needed during the 5-year period to meet projected bond coverage

Operating expenses, excluding personnel expenses and the additional \$50,000 in professional fees included in 2014 – 2015 are also projected to grow at a 2% rate of inflation. Allowances are made for \$50,000 in profession fees for all five years of the projection period. Personnel expenditures are projected to include cost of living increases equal to the inflation rate in the fiscal years after June 30, 2015. Costs for health and dental insurance are projected to grow 6% and 3% annually, respectively, during these years.

During the five year period ending June 30, 2020 funding will be available to fund the equipment replacement plan, projects in the City's capital improvement plan, and \$500,000 annually for other projects. Debt service is projected using payments due on current bonds. Transfers from a capital improvement sales tax are made as required to meet debt service coverage.

WATER FUND BUDGET HIGHLIGHTS

REVENUE/RATE INCREASES

Revenue is projected based on projected residential and commercial usage for the current year. No rate changes are included in this budget. No portion of this rate will be used to fund a reserve for future capital improvements. Approximately \$375,000 of the previous 3 years' rates had been reserved for future capital improvements.

SIGNIFICANT OPERATING CHANGES

The previous budget included \$350,000 for the replacement of manually read meters by radio read meters. This budget only includes \$250,000 for this purpose. Total operating expenses included in this budget, excluding meter replacement and debt service, were \$190,856 (4.1%) more than the previous year.

CAPITAL IMPROVEMENT BUDGET AND EQUIPMENT REPLACEMENT

The previous budget provided \$850,000, \$850,000, \$716,000, \$4,000,000, and \$1,000,000 to fund the Meadowbrook Tank, County Road 618 and Baldwin Distribution Main, County Road 618 and Veterans Memorial Drive Distribution Main, Plant #1 Improvement and Upgrade, LaSalle Tank/BPS/Generator and LaSalle Transmission Main projects, respectively. Only \$275,000 of these amounts is currently estimated to be spent during the fiscal year ending June 30, 2014. This budget provides \$7,291,000 to complete these projects during the fiscal year ending June 30, 2015 and provides \$292,000 for planning costs related to the Derbyshire Transmission Main and Cape Rock / Perryville BPS and Generator projects.

This budget also provides \$70,700 to replace two 2008 Chevrolet Silverado trucks and a 2007 Chevrolet Silverado truck.

REVENUE/EXPENSE PROJECTIONS

Revenue projections assume projected 2013 – 2014 usage levels for the 5-year period and annual 2.0% rate increases. Operating expenses, excluding personnel expenses are also projected to grow at a 2% rate of inflation. Personnel expenditures are projected to include cost of living increases equal to the inflation rate in the fiscal years after June 30, 2015. Costs for health and dental insurance are projected to grow 6% and 3% annually, respectively, during these years.

Capital outlays are projected at levels to fund \$500,000 in capital outlays, equipment replacements out of the equipment replacement reserves, and items included in the Capital Improvements Program for the five year period ending June 30, 2020.

In fiscal year ending June 30, 2015 this fund will begin receiving annual transfers from the capital improvements sales tax fund equal to the Capital Improvement Program items funded.

SOLID WASTE FUND

SOLID WASTE FUND BUDGET HIGHLIGHTS

REVENUE/RATE INCREASES

Revenue is projected based on the estimated number of June 30, 2014 residential customers and transfer station tonnage projected for the fiscal year ending June 30, 2014. No rate changes are included in this budget.

SIGNIFICANT OPERATING CHANGES

The tonnage on which the City pays transfer station disposal charges is projected to be 1,900 tons (7.7%) less in this budget than the previous year's budget while the tonnage on which transfer station tipping fees are received by the City is projected to be 2,100 tons (12.6%) less in this budget than the previous year's budget. As a result net revenue margin from the transfer station is projected to be \$21,785 (19.6%) less than those projected in the previous year's budget.

The amounts included in this budget for the leaf pickup program increased \$16,750 (78.9%) over the previous year's budget. This increase would bring the proposed budget to the actual costs incurred during fiscal year ending June 30, 2013.

One major change included in this budget is the elimination of the costs of the limb pickup program. The costs of the limb pickup program will now be covered by the general fund. Last year's budget included \$66,963 for limb pickup costs.

CAPITAL IMPROVEMENT BUDGET AND EQUIPMENT REPLACEMENT

This budget provides \$40,385 to replace a 2004 Ford F350 1 ton truck.

REVENUE/EXPENSE PROJECTIONS

Revenue projections assume current usage levels and 4.00% rate increases for the following five years. Operating expenses, excluding the City's landfill disposal contract and personnel expenses are projected to grow at a 2% rate of inflation during these five years. The City's landfill disposal contract is projected to increase 2.85% annually. Personnel expenditures are projected to include cost of living increases equal to the inflation rate in the fiscal years after June 30, 2015. Costs for health and dental insurance are projected to grow 6% and 3% annually, respectively, during these years.

Capital outlays are projected at \$20,000 annually for the five year period ending June 30, 2018 plus annual replacements out of the equipment replacement reserves.

SPORTS COMPLEXES FUND

SPORTS COMPLEXES FUND BUDGET HIGHLIGHTS

ACTIVITIES

The Sports Complexes Fund provides for the operation and maintenance of all of the athletic fields throughout the city and the operation of concession stands for league and tournament events.

REVENUE/RATE INCREASES

Fee increases are included in the appendices of this budget. As new activities arise during the year, user fees may be charged to offset operating costs.

SIGNIFICANT OPERATING CHANGES

This budget reflects a .5 FTE or 6.3% decrease in full-time employees to 7.5 FTE full-time employees, a .31 FTE or 3.2% increase in part-time hours to 10.14 FTE and 2% adjustments to employee wages. Costs for full-time labor are projected to decrease \$20,609 or 5.5% while costs for part-time labor are projected to increase \$10,717 or 4.7%.

CAPITAL OUTLAYS

This budget includes \$18,000 for an irrigation system for Capaha Field and \$15,000 for two wireless scoreboards.

REVENUE/EXPENSE PROJECTIONS

Revenue projections assume user fees growing 3% annually. Transfers from the General Fund and from the Parks/Storm Water Sales Tax – Operations Fund are required to grow from \$552,205 to \$587,396 during this time frame to maintain level fund balances and repay the advance from the General Fund.

Operating expenses, excluding personnel expenses are also projected to grow at a 2% rate of inflation. Personnel expenditures are projected to include cost of living increases equal to the inflation rate in the fiscal years after June 30, 2015. Costs for health and dental insurance are projected to grow 6% and 3% annually, respectively, during these years. No capital outlays are projected since any capital outlays would be supported by General Fund transfers

The reduction in tax rates in 1985 is a direct result of reassessment. At the present, the County assesses residential property at 19% of its actual value (as determined by Missouri statutes.) In 2013, the City's tax levy was .3594 per \$100 of assessed valuation. An individual who owns a home with an actual value of \$100,000 will pay the following tax to the City:

$$\begin{aligned} \$100,000 \times 19\% &= \$19,000 \text{ Assessed Valuation} \\ \$19,000/100 &= 190 \times .3594 = \$68.29 \text{ (City Property Tax)} \end{aligned}$$
