BUDGET MESSAGE

Office of the City Manager

INTRODUCTION

In accordance with Article VI of the City Charter, the City Council adopted the following budget for the City of Cape Girardeau, Missouri, for the period from July 1, 2011 to June 30, 2012. The adopted budget is balanced within the total of estimated income plus unencumbered fund balances.

This budget provides the financial plan for the various City departments to deliver services to the citizens of the City and provide infrastructure for future City development. The various departments funded under this budget are organized by department as set out in the administration ordinance of the City. These departments include Administrative Services, Development Services, Parks and Recreation, Public Safety, and Public Works. Outside of these Departments are the following budget categories: Debt Service and Capital Improvement Program (governmental fund types only) and Contingency. Internal Service Funds (funds that provide and charge for service to other city programs) are not included in the above categories to avoid reporting costs twice. A summary of the City's Budget by department is included on page 3 of this Budget.

The Administrative Services Department administers the fiscal affairs and personnel policies, manages the airport, provides convention and visitors services, and provides legal counsel and representation. This budget authorizes 31 full time and 33.75 full time equivalent employees (FTE) for this department. Its operating budget is \$4,672,432.

The Development Service Department coordinates activities pertaining to community and economic development. This budget authorizes 28 full time and 29.69 (FTE) for this department. Its operating budget is \$2,428,209.

The Parks and Recreation Department is responsible for the care and upkeep of the 26 city parks totaling around 665 acres, maintaining recreation facilities and buildings, and supervising a city recreation program. This budget authorizes 53 full time and 115.30 (FTE) for this department. Its operating budget is \$5,406,056.

The Public Safety Department is responsible for protecting life and property through the enforcement of state and city ordinances, fire and crime prevention activities, and emergency response. Its service area is approximately 28.4 square miles and is responsible for protecting approximately 36,000 citizens and a total day-time population of approximately 100,000 people. This budget authorizes 174 full time and 175.98 (FTE) for this department. Its operating budget is \$12,136,328.

INTRODUCTION (Cont.)

The Public Works Department is responsible for the care and maintenance of the city streets and sidewalks, the operation and maintenance of the city's water and sewer systems, the operation of city's solid waste disposal service, and maintenance of the city's storm water systems. This department currently maintains 223 linear miles of streets, 256 linear miles of water lines, and 225 linear miles of sanitary sewer lines. This budget authorizes 83 full time and 84.33 (FTE) for this department. Its operating budget is \$17,089,438.

In total this budget authorizes 381 full time and 454.13 (FTE) with a total operating budget of \$47,166,239. This budget also authorizes an additional \$13,607,463 in capital outlays.

Budget Hearing Requirements

The City Council, in accordance with Article VI of the City Charter held a public hearing regarding this budget on Monday, June 6, 2011 and approved a budget ordinance at its meetings on June 6 and June 20, 2011.

Another public hearing will be required in conjunction with the adoption of the tax levy. The state law requires the County Clerk to certify to the City, by July 1 of each year, the assessment information on which the City can calculate its actual tax levy. Once this information has been provided to the City, the City Council must hold a public hearing after adequate notice has been published, and at that time (normally first meeting in August), the City Council formally adopts the tax levy for the City of Cape Girardeau.

BUDGETARY ACCOUNTING BASIS

All financial data included in this budget reflect the modified accrual method of accounting. Under the modified accrual method capital purchases, bond issuance costs, and bond principal repayments are reflected as expenses when made and bond proceeds, grants for capital projects, special tax assessments, and sewer connections fees are treated as revenue when received.

PROGRAM BUDGETS

A summary of the program budgets is included on page 3 of this Adopted Budget. Total operating expenditures for all programs excluding Internal Service Funds is \$47,166,239. This is a total increase of \$867,574 or 1.87% more than the prior year's original adopted budget. This change is made up of increases in personnel costs and operating expenses and a decrease in debt service costs. Personnel costs and operating expenses increased \$673,744 or 3.09% and \$365,270 or 1.93%, respectively, over the prior year's budget. Debt service costs decreased \$171,440 or 3.08% from the prior year's budget.

This budget includes the addition of 2 patrolmen positions at a cost of \$92,077, the assumption of a 3 man 2" main replacement crew from City's water system operator at a cost of \$145,108, and the change of a full-time personnel coordinator position to part-time position saving \$24,670. The City will save approximately \$165,000 in contract labor costs by assuming the 3 man crew. The savings from the personnel coordinator position will be used to outsource the City's payroll function.

PROGRAM BUDGETS (Cont.)

This budget includes several changes to the part-time staffing levels of various divisions within the park and recreation department. The changes resulted in a net addition of 4.45 FTE at a cost of \$78,614. Only \$7,210 of these costs will not be supported by new revenues. Other personnel changes included in this budget are the \$25,000 addition to the fire division's overtime allowance at a cost of \$31,738 and the addition of a part-time control tower operator. After elimination of overtime that should be saved by this employee the net cost of the part-time control tower operator will only be \$2,162.

This budget includes the impact of a July 1, 2011 2% wage increase for all City employees at a cost of \$352,321 and reflects an increase in the funding rate for the City's retirement program at a cost of \$147,401.

Several significant changes were included in this budget's \$365,270 increase in non-personnel operating expenses. The following changes contributed toward this increase:

This budget allows \$916,495 for vehicle fuel expense. This represents a \$270,330 or 41.8% increase over the prior year's budget. This reflects higher expected fuel prices. This budget assumes average fuel prices of \$3.50 per gallon for unleaded and \$3.75 per gallon for diesel. The prior budget assumed average fuel prices of \$2.65 per gallon for unleaded and \$2.75 per gallon for diesel.

This budget allows \$1,559,505 for electricity expense. This represents a \$175,424 or 12.7% increase over the prior year's budget. The prior budget did not reflect a significant rate increase that was implemented by our provider in June 2010. This budget reflects that rate increase.

This budget allows \$55,000 for contract labor in the inspection division for plan review. This is an additional \$20,000 over the prior year's budget. This increase resulted from the replacement of a plan review specialist position with a property maintenance inspector position.

This budget allows \$25,000 for contract labor in the human resource division to outsource payroll services. As a result a full-time personnel coordinator position will be changed to a part-time position.

This budget allows \$95,825 for the purchase of small equipment costing less than \$5,000 per item. This is an additional \$26,572 or 38.4% more than the prior year's budget.

Debt service payments of the sewer and water funds are included as part of the Public Works operating expenses in the program budget summaries. This budget allows \$2,303,553 for debt service on the state revolving fund loans in the sewer fund. This is an additional \$184,725 or 8.7% more than the previous year. This increase resulted mainly from the scheduled decrease in interest subsidy of the state program.

PROGRAM BUDGETS (Cont.)

The following changes helped offset a portion of the above increased non-personal costs included in this budget:

This budget reduces the amount allowed for advertising at the Cape Girardeau Regional Airport to \$92,780 which is \$34,700 less the amount allowed by the prior year's budget. Projected grant revenue used to advertise air services at the airport was reduced to \$70,000 which is \$39,980 less than the revenue projected in the prior year's budget.

Costs associated with the grant funded neighborhood redevelopment projects are projected to be \$185,000 in this budget. This represents a decrease of \$463,159 from the amount included in the prior year's budget. Projected grant revenue was reduced by a corresponding amount in this budget.

Capaha pool was permanently closed after the end of the season in 2010. The prior year's budget had included \$23,066 for operating expenses.

Operating expenses included in this budget, excluding the previous significant increases and decreases were \$14,083,983 which was \$184,144 or 1.3% more than the amounts for same expenses included in the prior budget.

During the current year proceeds of the sale of City property to the Isle of Capri and debt service reserves were used to call \$1,960,000 in certificates of participation. Debt service on these certificates totaling \$265,605 was included in the prior year's budget. No debt service was included for these certificates in this budget. During the current year the final disbursements from a \$1 million state revolving fund (ARRA) loan were disbursed to complete a water project. This budget includes \$59,427 for the first year of debt service on this loan.

Total capital expenditures for all programs excluding Internal Service Funds are \$13,607,463. This is a total increase of \$10,805,829 or 385.70% from the previous year's budget and results mainly from increased projected expenditures on street projects and initial costs of a new sewer plant.

A more detailed breakdown of the programs by departments is included in pages 4 - 9 of the summary section of this budget.

GENERAL FUND REVENUES

The General Fund is almost totally supported by general taxes and accounts for the basic municipal functions of police, fire, street maintenance, parks maintenance, etc. In addition, this fund is used to finance temporary cash flow shortfalls in other funds, to provide a contingency account, to provide operating transfers to the parks and recreation, airport, golf and softball complex funds, and to meet special project needs for economic development and other purposes approved by the City Council.

GENERAL FUND REVENUES (Cont.)

The revenue for this fund excluding pass through transfers is projected to be derived as follows:

<u>SOURCE</u>	<u>AMOUNT</u>	<u>% OF TOTAL FUND</u>	<u>% CHANGE</u>
Property Taxes	\$1,676,694	7.7%	1.1%
Sales Tax	8,903,205	40.7%	1.6%
Franchise Tax	4,154,166	19.0%	8.5%
Cigarette Tax	150,000	0.7%	-5.7%
Licenses & Permits	1,394,300	6.4%	1.1%
Intergovernmental	482,182	2.2%	-18.3%
Service Charges	249,367	1.2%	-0.5%
Fines & Forfeitures	832,500	3.8%	-0.1%
Interest	93,720	0.4%	-9.4%
Miscellaneous	394,070	1.8%	6.1%
Internal Service Charges	1,141,572	5.2%	-0.7%
Motor Fuel Tax Transfer	970,000	4.4%	0.0%
Public Safety Trust Transfer (Sales Tax)	1,209,290	5.5%	4.3%
Other Transfers	225,393	1.0%	3.3%
TOTAL	\$21,876,459	100.0%	2.0%

Sales Tax represents 46.2% of the total General Fund budget; therefore, the assumptions of growth in this revenue can have a significant impact on the amount of funds projected to be available for payroll, equipment, and capital improvement projects. Each 1% change in the sales tax receipts equals approximately \$98,700 in revenue. For this budget, sales tax is projected to be 1% above the current fiscal year's projected revenues, which is projected to increase 1% over the previous year.

Franchise Taxes represent 19.0% of the total General Fund budget. Each 1% change in franchise tax receipts equals approximately \$38,300 in revenue. Franchise Taxes projected for this budget are \$325,769 or 8.5% more than those projected in the prior year's budget. Franchise Taxes from the City's natural gas and electricity provider is projected to increase \$275,347 or 9.9% based mainly on higher electricity rates that went into effect June 2010 but not projected in the prior year's budget. Franchise Taxes from the remaining providers are projected to be \$50,422 or 4.8% more than the prior year in this budget.

GENERAL FUND REVENUES (Cont.)

The property tax, which is the next most important revenue source, only represents 7.7% of the General Fund. Each 1% change in the assessed valuations of property will equal approximately \$16,000 in revenue. Each \$0.01 change in the property tax levy will equal approximately \$53,000 in revenue. Assessed valuation is assumed to grow 1.0% for real estate taxes and stay the same for personal property taxes. No tax levy increase is assumed in this budget.

USER CHARGES

This budget includes increases in base sewer, water, and transfer station rates effective July 1, 2011. Fixed sewer charges increased from \$4.50 to \$13.19 per month. Volume based sewer charges increased 122.3%. Residential and commercial water rates increased 5%. Base tipping fees at the City's transfer station increased 8.6% to \$50.25 per ton. The increases to the base sewer and water rates will cause the average residential utility bill to increase 39.57% or \$20.77 from \$52.49 to \$73.26 and the average commercial utility bill to increase 51.34% or \$77.78 from \$151.49 to \$229.27.

This budget includes new fuel surcharges for the City solid waste services to be implemented July 1, 2011. The monthly charge to the residential customers will be equivalent to 44% of the difference between the previous month's average per gallon diesel fuel cost and \$2.75. The additional per ton charge at the transfer station will be equivalent to 180% of the difference between the previous week's average per gallon diesel fuel cost and \$2.75.

This budget also includes other increases effective July 1, 2011 that are detailed in pages 388 – 389 of the appendices.

These increases are necessary to meet the operating and equipment needs of the Parks and Recreation, Sewer, Water, Solid Waste, and Softball Complex funds. Additionally, almost all the revenue from the sewer fee increases will be used to fund costs associated with the design and construction of a new sewer plant. Forty percent of the additional revenue produced by the water fee increases will be restricted to fund future projects in the Water Fund.

PAYROLL

A summary of the number of authorized positions by department by year is included in pages 366 - 367 of the appendices. The total payroll for all operations, including all fringe benefits, is \$22,445,121. This is 47.6% of the total operating expenditures and reflects a 3.09% increase over the previous budget. In the previous year payroll represented 47.0% of the total operating budget. This budget includes a city-wide 2% COLA increase for its employees effective the second payroll in July.

DEBT SERVICE

A summary of the city's outstanding bonded debt and its anticipated sources of repayment are included along with detailed schedules of debt service requirements in pages 371 – 387 of the appendices. Total debt service payments included in this budget total \$9,127,202 which includes an anticipated \$105,492 to be repaid to the General Fund for loans to other city funds. All debt service is paid from specific revenue sources designated for that purpose in this budget.

CAPITAL IMPROVEMENTS

A complete list of capital improvement program appropriations included in this budget is shown on pages 364 - 365 of the appendices of this budget document. These expenditures total \$11,684,868 and will result in the accomplishment of almost all of the projects (or phases of projects) as set out for the first year of the current Five Year Capital Improvement Program recently adopted by the City Council. Unfortunately funding currently is not available for the items totaling \$225,000 that were anticipated to be funded by the proceeds of the sale of City property to the Isle of Capri. The use of these proceeds was redirected to call bonds and replenish the City's emergency reserves after the approval of the Capital Improvement Program.

A parks / storm water sales tax was passed in April 2008 and is providing funding for the parks and storm water projects included in the Five Year Capital Improvement Program. However, these projects have not been included in this budget but are included in a project length budget.

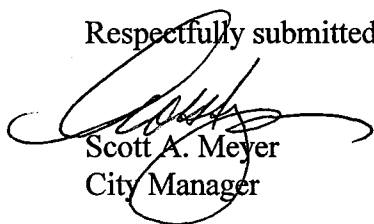

CONCLUSION

In preparing the annual operating budget, the City Staff has had the opportunity to review and revise current services with the goal of achieving greater efficiency and effectiveness in the delivery of municipal services. A number of key decisions relative to revenue assumptions, fees, equipment, capital improvement, and payroll are represented in the adoption of the City Budget. We feel this annual financial plan will provide the citizens of this community a quality level of municipal services that is within available revenues.

During the last seven fiscal years the passage of the Fire Sales Tax has allowed the City to make great strides in equipping the Fire and Police Departments. In April 2008, the citizens passed a Parks / Storm Water Sales Tax. This has allowed the City to make progress in equipping and providing personnel for the various park divisions and complete significant park and storm water projects that had been unfunded for several years. However, the general fund still produces very little operating margin to fund the rest of its equipment, personnel, and capital projects needs. The lack of operating margin in the general fund also reduces our ability to withstand future economic downturns.

Projected General Fund results for the next five years are shown on page 27. These projections include operating expenses growing at the rate of inflation and no expenditures for capital outlays. During the five year projection period sales tax and merchant license revenue must grow .75% above the rate of inflation to maintain a constant unreserved fund balance. During the past five years City's sales tax revenue and merchant license revenue has averaged growing 1.50% annually while annual inflation has averaged 2.52%. The growth of sales tax and merchant license revenue was .75% above inflation in only 2 of the 5 years. The City will likely be challenged to meet its operating and capital equipment needs in the future with its current revenue and expense structure. Because of our significant reliance on local sales tax revenue, retail development and growth are key to this and future budgets.

**GENERAL FUND
BUDGET HIGHLIGHTS**

SIGNIFICANT OPERATING CHANGES

Human Resources – Budget reflects the contracting of payroll preparation services to an outside vendor at an estimated annual cost of \$25,000. This would result in a full-time personnel coordinator position being changed to a part-time position which would produce an annual savings of approximately \$24,670.

Interdepartmental – Planning Services, Engineering, and Street personnel costs that were charged to other City projects were included in this division's personnel costs in previous years. These costs are charged to the respective divisions in this budget. This change results in a \$669,000 personnel cost reduction in this year's Interdepartmental budget.

Planning Services – This budget provides that Planning Services assume a greater portion of the Development Services Director's personnel costs and all division personnel costs associated with services charged to other City projects. Previously Planning Services personnel costs that were charged to other City projects were included as part of Interdepartmental personnel costs. These changes result in an additional \$107,198 of personnel costs being reflected in this year's Planning Services budget.

Inspection Services – This budget reflects the replacement of a plan review specialist position with a property maintenance inspector position and the reduction of a certified code inspector position to a code inspector position. No significant personnel cost increases resulted from these changes. An additional \$20,000 was included in this budget for contract labor for plan review services.

Engineering – This budget provides that Engineering assume no portion of the Development Services Director's personnel costs and all of the division personnel costs associated with services charged to other City projects. In the previous year a third of the Development Services Director's personnel costs were charged to Engineering and all division personnel costs that were charged to other City projects were included as part of Interdepartmental personnel costs. These changes result in net additional personnel costs of \$432,529 being reflected in this year's Engineering budget.

Police – During the previous year two patrolmen positions were changed to new station commander positions. This budget reflects the addition of two additional patrolmen. The impact of these changes to this year's personnel costs is approximately \$92,900. This budget also reflects a \$61,445 reduction in grant funded programs and an additional \$4,200 for fees to use an on-line data base of pawn shops that will be used to search for stolen items.

Fire – Budget reflects an increased overtime allowance of \$25,000 at a total cost of \$31,738.

SIGNIFICANT OPERATING CHANGES (cont.)

Street– This budget provides that all of the division personnel costs associated with services charged to other City projects are included in this division. Previously all division personnel costs that were charged to other City projects were included as part of Interdepartmental personnel costs. This change results in an additional \$111,000 of personnel costs being reflected in this year's Street budget.

Park Maintenance – Budget reflects additional hours for part-time labor (.35 FTE) at a total cost of \$6,479.

Electricity and Vehicle Fuel Costs - General Fund budget reflects an additional \$51,702 or 11.25% for electricity costs as a result of a significant rate increase by its electricity provider and an additional \$118,961 or 33.88% for vehicle fuel costs based on projected per gallon fuel prices of \$3.50 and \$3.75 for unleaded gas and diesel, respectively.

REVENUE/RATE INCREASES

No revenue rate increases are included in this budget. As new activities arise during the year, user fees may be charged to offset operating costs.

REVENUE/EXPENDITURE PROJECTIONS

The following assumptions were used for the proposed budget for the fiscal year ending June 30, 2011 and projections for the following five years.

Inflation is projected to be 2% during the entire 6-year period.

Sales tax for the fiscal year ending June 30, 2012 is projected be 1% above the current fiscal year's projected revenues which is projected to increase 1% over the previous year. Sales tax is projected to increase 2.75% per year thereafter.

Cable Franchise Tax is projected at 3.75% above projected year ending June 30, 2011 levels for the fiscal year ending June 30, 2012 and to increase 3.0% annually during the following five years.

Real Estate and Property Tax assessed valuations are projected to grow at 1.0% and 0.0% respectively for the fiscal year ending June 30, 2012 and 2.0% annually for the following five years. No tax levy increases are assumed in any of the years.

Franchise Tax from AmerenUE is projected for the fiscal year ending June 30, 2012 using electric usage for the fiscal year ending June 30, 2010 and natural gas usage for the 2010 calendar year and rates currently in effect. Revenues are projected to increase 2% per year thereafter.

Court Revenue is projected slightly below actual amounts received during fiscal year ending June 30, 2010 and projected to grow at the rate of inflation for the remaining 5 years.

REVENUE/EXPENDITURE PROJECTIONS (cont.)

All other fees and licenses that are allowed to be adjusted without voter approval are projected to grow at the rate of inflation for the remaining 5 years. The remaining fees and licenses are maintained at current levels.

Operating expenditures, excluding personnel costs and internal equipment rent, are projected grow at the rate of inflation in years following fiscal year ending June 30, 2011. Personnel expenditures are projected to include cost of living increases equal to the inflation rate in the fiscal years after June 30, 2012. Costs for health and dental insurance are projected to grow 6% and 3% annually, respectively, during these years.

Internal equipment rent expense is projected to remain at June 30, 2012 levels during the following five years.

No capital expenditures are projected in years following 2012.

Motor Fuel Fund transfers received by the General Fund for operations total \$970,000 for fiscal year ending June 30, 2012 and are projected to be maintained at that level over the following five years.

Fire Sales Tax Fund transfers received by the General Fund for operations total \$2,157,111 for fiscal year ending June 30, 2012 and are projected to grow 2.75% annually over the remaining five years.

Public Safety Trust Fund transfers received by the General Fund for operations total \$1,078,556 for fiscal year ending June 30, 2012 and are projected to grow 2.75% annually over the remaining five years.

Public Safety Trust Fund transfers received by the General Fund for matches for the SAFER grant total \$130,734 for fiscal year ending June 30, 2012 and are projected to increase to \$198,540 by the end of the remaining five years

Transfers to the Public Safety Trust Fund total \$2,157,111 for fiscal year ending June 30, 2012 and are projected to grow 2.75% annually over the remaining five years.

Transfers to the Casino Revenue Fund total \$260,000 for fiscal year ending June 30, 2012 and are projected to remain at that level over the remaining five years.

Transfers to Airport, Parks and Recreation, and Softball Complex funds are made at levels to enable them to have balanced budgets.

Unreserved fund balance is projected to increase slightly from \$1,151,662 at the end of the fiscal year ending June 30, 2012 to \$1,166,362 by the end of fiscal year ending June 30, 2017.

The fund balance reserved for emergency is kept at 15% of annually budgeted operating expenses during the six year period as required by City Charter.

AIRPORT FUND

**AIRPORT FUND
BUDGET HIGHLIGHTS**

ACTIVITIES

The Airport Fund accounts for the operation and maintenance of the municipal airport facility in accordance with Federal Aviation Administration regulations. The airport provides a service facility for passenger traffic, private and commercial aircraft, and related business activities. Additionally, the City operates the Airport's fueling operations.

SIGNIFICANT OPERATING CHANGES

The Airport Operations budget reflects the addition of a part-time air traffic controller (.35 FTE) and a reduction of the amount allowed for over-time to \$3,200 resulting in a \$2,162 net increase in personnel costs. This budget maintained the previous year's reduction in hours of operation of the airport control tower.

The amount included in this budget to advertise the commercial air service at the airport declined by \$34,700. This reduction resulted mainly from a \$32,200 decrease in grant funding that is used to support this cost. The amounts included in this budget for utility and fuel expense increased \$14,176 (21.1%) over the previous year for Airport Operations and \$6,154 (41.6%) over the previous year for FBO Operations.

REVENUE/EXPENDITURE PROJECTIONS

Revenues, excluding interest, grant revenue, and FBO sales, are projected to increase at 3% over the 5-year period. Net profit margin from FBO sales are maintained at year ending June 30, 2012 levels over the remaining five years. Operating expenses, excluding personnel expenses are projected to grow at the rate of inflation. Personnel expenditures are projected to include cost of living increases equal to the inflation rate in the fiscal years after June 30, 2012. Costs for health and dental insurance are projected to grow 6% and 3% annually, respectively, during these years.

No capital outlays are projected since General Fund transfers would support any capital outlays.

PARKS AND RECREATION FUND

PARKS AND RECREATION FUND
BUDGET HIGHLIGHTS

ACTIVITIES

The Parks and Recreation Fund is established to separate the revenue sources and expenditures used to operate the parks and recreation activities. The following activities are included in this fund:

Arena Maintenance - This division accounts for the cost of maintaining the A.C. Brase Arena.

Osage Park Community Center – This division is responsible for the operations and maintenance of the multi-purpose building at Osage Park.

Shawnee Park Community Center – This division is responsible for the operations and maintenance of the multi-purpose building at Shawnee Park

Pools - These divisions operate and maintain two public pools. An indoor/outdoor facility is operated in conjunction with the Public School District. The other was operated by the City. The City permanently closed this pool in September 2010.

Family Aquatic Center - This division is responsible for the operations and maintenance of an outdoor family aquatic center adjacent to the Osage Park Community Center.

Recreation - This division operates a year-round public program for all age groups, including a multitude of programs, and coordinates use of all facilities by organized groups.

Municipal Band - The Municipal Band provides open-air concerts at the band shell in Capaha Park and additional concerts in other areas within the community.

SIGNIFICANT OPERATING CHANGES

Arena Maintenance – Budget includes a \$9,041 (21.8%) increase in utility expense.

Osage Park Community Center – Budget reflects the addition of a part-time morning weight room attendant (.25 FTE) as a result of increased morning usage and a part-time office worker (.12 FTE) to provide additional administrative assistance. This budget includes \$21,913 (24.6%) less in utility costs. The previous year assumed increase in utility costs from the expansion of the building that did not occur. This budget maintains the reduction of hours of operation from July – September made two years ago.

Shawnee Park Community Center – This budget reflects a total year of operation for the Center that opened March 2011. The previous budget had anticipated 9 months of operation.

Central Pool – Budget anticipates a full year of operations and reflects a 2.03 FTE or 39.6% increase in part-time hours to 7.15 FTE. The previous budget had assumed that the pool was closed during the summer for construction.

SIGNIFICANT OPERATING CHANGES (cont.)

Capaha Pool – Budget reflects no activity for the year. The pool was permanently closed in September 2010.

Family Aquatic Center – Budget reflects an increased budget based on actual results from the first full of year of operation. Budget anticipates the Center will produce \$635,000 in revenues.

Recreation - Budget reflects a .31 FTE or 5.8% increase in part-time hours to 5.69 FTE. Costs for part-time labor are projected to increase \$6,468. The increase in part-time hours results from adjusting budgeted hours to reflect increased league and program participation.

REVENUE/RATE INCREASES

This budget proposes to increase various fees effective July 1, 2011. These increases can be found in the appendices of this document. As new activities arise during the year, user fees may be charged to offset operating costs.

REVENUE/EXPENDITURE PROJECTIONS

Service charge revenue is projected to grow 3% annually over fiscal year ending June 30, 2012 levels. Operating expenses, excluding personnel expenses, are projected to grow at a 2% annual inflation rate. Personnel expenditures are projected to include cost of living increases equal to the inflation rate in the fiscal years after June 30, 2012. Costs for health and dental insurance are projected to grow 6% and 3% annually, respectively, during these years.

No capital outlays are projected since any capital outlays would be supported by General Fund transfers.

CONVENTION AND VISITOR'S FUND BUDGET HIGHLIGHTS

ACTIVITIES

The Convention and Visitor's Fund provides for the receipt and disbursement of all funds in conjunction with the hotel/motel/restaurant tax. This is a gross receipt tax that provides for a rate of 4% on hotel/motel rooms and 1% on restaurants. The funds may be used for conventions and tourism purposes, as well as other uses authorized by the ordinance and law. A voter approved change, effective January 1, 1999 allocated ¼ of the hotel/motel gross receipts tax to fund a joint city/university "River Campus" project. Effective November 1, 2004, this change also allocated all restaurant, hotel, and motel gross receipts taxes not required for the operation of the convention and visitors bureau to this project. Payments to the University for this project are shown as special project costs in the budget. Both gross receipts taxes will sunset upon retirement of the \$8.9 million of bonds that were issued by the University to fund the city's portion of this project.

REVENUE/RATE INCREASES

There is no tax increase within the proposed 2011 -2012 Convention and Visitor's Fund.

REVENUE/EXPENDITURE PROJECTIONS

Hotel and motel gross receipt taxes are projected at 1% above fiscal year ending June 30, 2011 estimated levels which are projected to be 2% more than the previous fiscal year. Restaurant gross receipt taxes are projected at 1% above fiscal year ending June 30, 2011 estimated levels which are projected to be 2.0% more than the previous fiscal year. Both taxes are assumed to grow 2% annually for the following 5 years. Materials and supplies costs are assumed to increase at a 2% inflation rate. The contract with the Chamber of Commerce for the operation of the Convention Visitors Bureau is expected to grow 3% annually. Contractual service costs, excluding this contract, are assumed to grow at a 2% inflation rate. Special projects costs include required payments on the River Campus Project plus a \$35,000 annual allowance for possible expenditures from the fund balances that were on hand at November 1, 2004.

HEALTH FUND

HEALTH FUND
BUDGET HIGHLIGHTS

ACTIVITIES

The Health Fund provides limited funding for enforcement of health ordinances. Three animal control officers are funded through a special property tax in this fund. Weed abatement activities and demolitions of condemned structures are also funded here, along with contractual payments to the County Health Department and Humane Society.

SIGNIFICANT OPERATING CHANGES

Budget reflects no significant operating changes.

REVENUE/RATE INCREASES

No tax levy increase is proposed in this budget.

REVENUE/EXPENDITURE PROJECTIONS

Real Estate and Property Tax assessed valuations are projected to grow at 1.0% and 0.0% respectively for the fiscal year ending June 30, 2012 and 2.0% annually for the following five years. No tax levy increases are assumed in any of the years. All other fees and licenses are maintained at current levels.

Operating expenses, excluding personnel expenses are also projected to grow at a 2% rate of inflation. Personnel expenditures are projected to include cost of living increases equal to the inflation rate in the fiscal years after June 30, 2012. Costs for health and dental insurance are projected to grow 6% and 3% annually, respectively, during these years.

No provisions are made for capital expenditures during these years.

MOTOR FUEL TAX FUND

MOTOR FUEL TAX FUND BUDGET HIGHLIGHTS

ACTIVITIES

The Motor Fuel Tax Fund provides for the receipt of funds from the City's allocable portion of the state motor fuel taxes, the state sales tax on motor vehicles, the state vehicle license fees. The state motor fuel tax is 15% of the remaining net proceeds of that tax and is allocated to various incorporated cities, towns and villages within the State based on the population of that City. As stipulated in Article IV of the Missouri Constitution all taxes in this fund provide for the construction, repair, signing or lighting of roads, street and bridge projects. The only airport improvement expenses that could be approved are those for construction or repair of streets and roads within the airport property.

REVENUE/EXPENDITURE PROJECTIONS

State Motor Fuel Tax revenues for fiscal year ending June 30, 2012 are projected to equal the actual revenues from the year ending March 31, 2011. Revenues are anticipated to be stable over the following five years.

The projected amounts of revenue from this fund available to carry out the five-year Capital Improvement Program for streets are \$400,000 annually for the five remaining fiscal years. Projected annual transfers to the General Fund are \$970,000 for the five remaining fiscal years. No transfers are required for debt service.

BUDGET HIGHLIGHTS

ACTIVITIES

The Capital Improvement Sales Tax Fund is a fund established to account for receipt of ¼¢ sales tax collections authorized by the voters in November, 1988, to fund major capital improvement projects for flood control. The original tax approved was to sunset January 1, 2000. Subsequently, voters have authorized a 20-year extension of this tax to pay for improvements to the city's sewer system.

The remaining fund balance is projected to be transferred to the Stormwater Capital Projects Fund during the fiscal year ending June 30, 2011.

CAPITAL IMPROVEMENT SALES TAX FUND-WATER PROJECTS BUDGET HIGHLIGHTS

ACTIVITIES

The Capital Improvement Sales Tax Fund is a fund established to account for receipt of ¼¢ sales tax collections authorized by the voters in November, 1996, to fund major capital improvement projects to the city's water system. The tax approved will expire in twenty years.

Included in this budget is debt service on bonds issued in June 1998 to provide the funds required by the water plant expansion and system improvements project and \$42,000 in payments on the Sears Grand's, Kohl's, and Greater Missouri Builder's development agreements.

REVENUE/EXPENDITURE PROJECTIONS

Sales tax for the fiscal year ending June 30, 2012 is projected be 1% above the current fiscal year's projected revenues which is projected to increase 1% over the previous year. Sales tax is projected to increase 2% per year thereafter. Projected expenditures are annual debt service on the 1998 bonds, transfers to cover other expenditures of the water projects construction fund and required payments on the Sears Grand's, Kohl's, and Greater Missouri Builder's development agreements.

Beginning in fiscal year ending June 30, 2014 the sewer fund will be making \$1,020,000 in annual transfers to the fund to help pay the debt service on the 1998 bonds.

BUDGET HIGHLIGHTS**

ACTIVITIES

The Capital Improvement Sales Tax Fund – Sewer System Improvements is a fund established to account for receipt of ¼¢ sales tax collections authorized by the voters for improvements to the city’s sewer system. This tax was initially authorized by voters in November, 1988, to fund major capital improvement projects for flood control and subsequently extended by the voters for twenty years to pay for improvements to the city's sewer system. The extension of the tax will be reported in this fund.

Included in this budget are transfers to the sewer fund to cover debt service on bonds issued through the state revolving loan program in June 1995, June 1996 and December 2000 and \$42,000 in payments on the Sears Grand’s, Kohl’s, and Greater Missouri Builder’s development agreements.

REVENUE/EXPENDITURE PROJECTIONS

Sales tax for the fiscal year ending June 30, 2012 is projected be 1% above the current fiscal year’s projected revenues which is projected to increase 1% over the previous year. Sales tax is projected to increase 2% per year thereafter. Projected transfers are those required to fund debt service on bonds issued in 1995, 1996, and 2000. Special project costs are payments on the Sears Grand’s, Kohl’s, and Greater Missouri Builder’s development agreements. No capital outlays are reflected during the entire 6-year period.

PUBLIC SAFETY TRUST FUND BUDGET HIGHLIGHTS

ACTIVITIES

The Public Safety Trust Fund is a fund established to account for transfers received from the General Fund that is equal to the amount of Fire operating expenses offset by transfers received by the General Fund from the Fires Sales Tax Trust Fund. These revenues can only be used to offset Public Safety operating and capital expenditures.

REVENUE/EXPENDITURE PROJECTIONS

Sales tax for the fiscal year ending June 30, 2012 is projected be 1% above the current fiscal year's projected revenues which is projected to increase 1% over the previous year. Sales tax is projected to increase 2% per year thereafter. Projected expenditures are for public safety vehicles and equipment purchases, debt service payments on bonds previously issued to purchase public safety equipment and construct public safety facilities, and transfers to the General Fund to cover various public safety operating expenses.

BUDGET HIGHLIGHTS

ACTIVITIES

The Parks/Storm Water Sales Tax - Capital Fund is a fund established to account for receipt of 3/8 cent sales tax authorized by the voters in April 2008 to fund parks, recreation, and storm water capital projects and equipment expenditures. The tax went into effect October 1, 2008. This tax will expire December 31, 2018. A portion of this tax will be used to fund approximately \$3,000,000 in various storm water projects identified in the City's Capital Improvement Budget. The remaining portions of this tax will be used to fund approximately \$20,275,000 in various park and recreation projects identified in the City's Capital Improvement Budget and various operating equipment purchases of the various park divisions.

REVENUE/EXPENDITURE PROJECTIONS

Sales tax for the fiscal year ending June 30, 2012 is projected be 1% above the current fiscal year's projected revenues which is projected to increase 1% over the previous year. Sales tax is projected to increase 2% per year thereafter. Revenues not used to pay debt service on the bonds issued to do a portion of the above projects will be transferred to capital project funds to do some of the projects on a pay as you go basis.

TRANSPORTATION SALES TAX TRUST FUND IV **BUDGET HIGHLIGHTS**

ACTIVITIES

The Transportation Sales Tax Trust Fund is a fund established to account for receipt of ½ cent sales tax authorized by the voters in August 2010, to fund major street improvement projects. The tax is effective January 1, 2011 through December 31, 2015.

REVENUE/EXPENDITURE PROJECTIONS

Sales Tax for the fiscal year ending June 30, 2012 is projected be 1% above the current fiscal year's projected revenues which is projected to increase 1% over the previous year. Sales Tax is projected to grow 2% annually over the remaining five years. Intergovernmental revenue for the fiscal year ending June 30, 2012 includes the second of five \$30,000 payments from the Cape Special Road District. The remaining payments will be received in the following three years. Interest earnings on unused cash balances are assumed to earn a 2.25% rate. Transfers from the casino revenue fund totaling \$135,000 and \$865,000 are projected for fiscal years ending June 30, 2012 and 2013 respectively.

Expenditures included for the fiscal year ending June 30, 2012 and the following five years are for those items identified in the City's five-year capital improvement budget..

CASINO REVENUE FUND BUDGET HIGHLIGHTS

ACTIVITIES

This fund will account for the receipt of all revenues associated with the Casino that is currently being developed by the Isle of Capri. This development is expected to be opened by December 2012. During the fiscal year ending June 30, 2011 \$2,000,000 in revenue from sale of City property to the Isle of Capri was placed in this fund. This money was subsequently transferred to the debt service fund to payoff debt early and to the general fund to replenish the emergency reserve fund.

REVENUE/EXPENDITURE PROJECTIONS

The activity for the fiscal year ending June 30, 2012 includes a \$260,000 transfer from the general fund and transfers to the sewer fund totaling \$125,000 to assist in paying for design costs of a new sewer plant and to the transportation trust IV fund totaling \$135,000 to assist in the Broadway project. The City Council instructed that the \$260,000 annual cost savings from the debt that was paid off early be put back annually into the casino revenue fund.

DEBT SERVICE FUND
BUDGET HIGHLIGHTS

Debt Service Fund accounts for the accumulation of funds required to pay principal and interest on the city's general long-term debt. Debt Service funds are administered by the Finance Department and are used to pay on city debt issued for general capital improvement projects such as streets and public buildings. The Debt Service Fund does not accumulate funds for payment of debt issued by the Sewer, Water, Solid Waste, MIS, and Equipment Replacement funds. Currently, only the 2002 special obligation bonds will be repaid by this fund. Sources of revenues used to pay this debt are special assessment revenue..

SURFACE TRANSPORTATION PROGRAM – URBAN PROJECTS FUND
BUDGET HIGHLIGHTS

ACTIVITIES

The Surface Transportation Program – Urban Projects Fund accounts for the major street projects which are paid for with the assistance of the surface transportation program funds. This revenue is allocated to the City from the federal gasoline tax fund. Funds received from this program must be matched with 20% local revenue. This budget provides funding to complete the Lewis and Clark Parkway Phase I project.

SEWER FUND

SEWER FUND BUDGET HIGHLIGHTS

REVENUE/RATE INCREASES

Revenue is projected based on residential and commercial rate increases effective July 1, 2011, residential usage based on 2010 – 2011 actual usage, and commercial usage based on 102% of the actual usage for the fiscal year ending June 30, 2010. Fixed charges are projected to increase from \$4.50 to \$13.19 per month. Volume based charges are projected to increase 122.3%. Total revenue projected from the new revenue is \$4,381,286. \$158,766 of this new revenue will be needed for current operating costs. The remainder of the new revenue is planned to be used on costs associated with the design and construction of a new sewer plant.

SIGNIFICANT OPERATING CHANGES

In June 2010 voters approved bond authorization of \$72 million to design and construct a new sewer plant. Construction of the new plant is expected to begin in the spring of 2012. This budget includes \$1,374,237 for capital outlays related to the new sewer plant, \$2,513,700 in transfers out to other funds to reimburse them for previous year's costs related to the new sewer plant that were funded by them, and a \$334,583 reimbursement to the sewer fund's equipment replacement reserves used in the previous year to fund costs related to the new sewer plant.

The amounts included in this budget for electricity and fuel expense increased \$33,727 (23.4%) and \$19,630 (21.6%) respectively over the previous year.

REVENUE/EXPENSE PROJECTIONS

Revenue projections assume projected 2011-2012 usage levels for the 5-year period and no annual rate increases, annual sewer connection fees of \$75,000, and annual special assessment receipts declining from \$9,867 to \$8,727. Additional rate increases may be needed during the 5-year period. This will depend on final cost of the new sewer plant and the actual rates and amount of the bonds issued to build the plant.

Operating expenses, excluding personnel expenses and the additional \$50,000 in professional fees included in 2011 – 2012 are also projected to grow at a 2% rate of inflation. Allowances are made for \$50,000 in profession fees for the first three years of the five year projection period. Personnel expenditures are projected to include cost of living increases equal to the inflation rate in the fiscal years after June 30, 2012. Costs for health and dental insurance are projected to grow 6% and 3% annually, respectively, during these years.

Capital outlays are projected increasing from \$385,000 to \$925,000 annually during the five year period ending June 30, 2017 plus annual replacements out of the equipment replacement reserves. Debt service is projected using payments due on current bonds plus an additional \$3,875,000 annual amount for new bonds during the five year period.

Sludge Operations

The sludge division removes approximately 1,300 dry tons of sludge per year from the wastewater. Sludge is hauled by tractor trucks to farms and land-applied for the fertilizer content. The sludge program involves labor, testing, hauling, and farming practices. With the addition of the pathogen reduction system, the City meets the current Environmental Protection Agency and Missouri Department of Natural Resources rules and regulations.

WATER FUND BUDGET HIGHLIGHTS

REVENUE/RATE INCREASES

Revenue is projected based on 5% residential and commercial rate increases effective July 1, 2011 and projected usage based on actual average usage for the past three years. 2% of the rate increase will be reserved to meet future capital needs.

SIGNIFICANT OPERATING CHANGES

During the previous year the City assumed responsibility for 2" main replacement crew from Alliance Water Resources. The annual cost of the new crew was approximately \$145,000. The annual cost reduction to the Alliance Water Resources service agreement was approximately \$165,000.

The amounts included in this budget for electricity and fuel expense increased \$56,332 (11.3%) and \$21,418 (31.7%) respectively over the previous year.

REVENUE/EXPENSE PROJECTIONS

Revenue projections assume projected 2011 – 2012 usage levels for the 5-year period and annual 3.0% rate increases. Operating expenses, excluding personnel expenses are also projected to grow at a 2% rate of inflation. Personnel expenditures are projected to include cost of living increases equal to the inflation rate in the fiscal years after June 30, 2012. Costs for health and dental insurance are projected to grow 6% and 3% annually, respectively, during these years.

Capital outlays are projected at \$700,000 annually for the five year period ending June 30, 2017 plus annual replacements out of the equipment replacement reserves.

In fiscal year ending June 30, 2014 the fund will begin making \$1,020,000 transfers to Capital Improvements Sales Tax Fund – Water Projects to cover debt service on bonds issued in June 1998 through the State Revolving Loan Fund program.

SOLID WASTE FUND BUDGET HIGHLIGHTS

REVENUE/RATE INCREASES

Projected revenues assume no increase in the base monthly residential charge and an 8.65% increase in the base tipping fee at the City's transfer station effective July 1, 2011. Projected revenue is based on the estimated number of June 30, 2011 residential customers and transfer station tonnage projected for the fiscal year ending June 30, 2011.

Effective July 1, 2011 the City will implement a monthly fuel surcharge to its residential customers based on the average diesel fuel costs during the previous month. A similar surcharge will also be implemented at the transfer station. This budget assumes at \$3.75 per gallon diesel fuel cost. The monthly residential surcharge would be 44 cents per month and tipping fee at the transfer station would be an additional \$1.80 per ton at this cost.

SIGNIFICANT OPERATING CHANGES

The amounts included in this budget for fuel expense increased \$80,881 (89.0%) over the previous year's budget.

REVENUE/EXPENSE PROJECTIONS

Revenue projections assume current usage levels and 3.50% rate increases for the following five years. Operating expenses, excluding the City's landfill disposal contract and personnel expenses are projected to grow at a 2% rate of inflation during these five years. The City's landfill disposal contract is projected to increase 2.85% annually. Personnel expenditures are projected to include cost of living increases equal to the inflation rate in the fiscal years after June 30, 2012. Costs for health and dental insurance are projected to grow 6% and 3% annually, respectively, during these years.

Capital outlays are projected at \$25,000 annually for the five year period ending June 30, 2017 plus annual replacements out of the equipment replacement reserves.

Landfill

The landfill which has served as a back-up disposal facility in the past is now closed. The City is required by state and federal laws and regulations to place a final cover on the landfill and perform monitoring functions for thirty years after closure. The proposed budget provides for postclosure maintenance and monitoring of the landfill for the 2002-2003 fiscal year.

GOLF COURSE FUND **BUDGET HIGHLIGHTS**

REVENUE/RATE INCREASES

This budget proposes no increase in fees for the current year. As new activities arise during the year, user fees may be charged to offset operating costs.

SIGNIFICANT OPERATING CHANGES

Budget reflects a .67 FTE or 19.0% increase in part-time hours to 4.20 FTE at the Pro Shop. Costs for part-time labor are projected to increase \$11,340. The increase in part-time hours results from adjusting budgeted hours to reflect increased activity at after its reopening.

The amounts included in this budget for electricity and fuel expense increased \$2,520 (26.3%) and \$13,539 (90.6%) respectively over the previous year

REVENUE/EXPENSE PROJECTIONS

Revenue projections assume projected 2011 – 2012 usage levels for the 5-year period and annual 3.0% rate increases. Transfers from the Parks/Storm Water Sales Tax – Operations Fund are required at levels of \$83,060 declining to \$70,528 during this time frame to maintain level fund balances. Projected revenues do not support any capital expenditures.

Operating expenses, excluding personnel expenses are also projected to grow at a 2% rate of inflation. Personnel expenditures are projected to include cost of living increases equal to the inflation rate in the fiscal years after June 30, 2012. Costs for health and dental insurance are projected to grow 6% and 3% annually, respectively, during these years.

SOFTBALL COMPLEX FUND

SOFTBALL COMPLEX FUND BUDGET HIGHLIGHTS

ACTIVITIES

The Shawnee Softball Complex Fund provides for the operation and maintenance of the softball fields and the operation of concession stands for softball league and tournament events. In addition this fund provides for the maintenance of all of the remaining athletic fields throughout the city.

REVENUE/RATE INCREASES

This budget proposes to increase fall league fees effective July 1, 2011. These increases can be found in the appendices of this document. As new activities arise during the year, user fees may be charged to offset operating costs.

SIGNIFICANT OPERATING CHANGES

This budget includes the first full year of operation of the Boy's Baseball League. The City assumed the operation of the Boy's Baseball League this spring.

Budget reflects a 1.25 FTE or 17.2% increase in part-time hours to 8.52 FTE. Costs for part-time labor are projected to increase \$17,398. The increase in part-time hours results mainly from the assumption of the Boy's Baseball League. This budget projects \$40,650 in additional revenue and includes \$18,075 in additional non-personnel costs as a result of assuming the Boy's Baseball League's operations.

The amounts included in this budget for fuel expense increased \$6,647 (91.9%) over the previous year's budget.

REVENUE/EXPENSE PROJECTIONS

Revenue projections assume user fees growing 3% annually. Transfers from the General Fund and from the Parks/Storm Water Sales Tax – Operations Fund are required to grow from \$493,179 to \$537,518 during this time frame to maintain level fund balances and repay the advance from the General Fund.

Operating expenses, excluding personnel expenses are also projected to grow at a 2% rate of inflation. Personnel expenditures are projected to include cost of living increases equal to the inflation rate in the fiscal years after June 30, 2012. Costs for health and dental insurance are projected to grow 6% and 3% annually, respectively, during these years.

No capital outlays are projected since any capital outlays would be supported by General Fund transfers.

INTERNAL SERVICE FUNDS BUDGET HIGHLIGHTS

ACTIVITIES

Internal Service Funds are similar to Enterprise Funds except that the services are not rendered to the general public but are for other City departments.

Data Processing - This group provides data processing services for all City departments and various functions. This fund is administered by the Finance Department.

Fleet Management - Shows all expenditures for the maintenance of the municipal fleet. This operation is administered by the Public Works Department.

Employee Benefit Fund - Provides for partial cafeteria benefit plan for employee and retiree health and dental coverage.

Risk Management Fund - Provides self-insured workmen's compensation coverage for City employees.

Equipment Replacement Fund - Buys equipment for and leases equipment to all city non-enterprise funds. Lease payments will provide a source of revenue for repurchase of equipment in the future.

REVENUE/RATE ADJUSTMENTS

The fees paid by the various operating activities of the City provide the revenue for these funds. The allocated fees are adjusted annually, based on actual cost experience and projections.

The reduction in tax rates in 1985 is a direct result of reassessment. At the present, the County assesses residential property at 19% of its actual value (as determined by Missouri statutes.) In 2010, the City's tax levy was .3583 per \$100 of assessed valuation. An individual who owns a home with an actual value of \$100,000 will pay the following tax to the City:

$$\begin{aligned} \$100,000 \times 19\% &= \$19,000 \text{ Assessed Valuation} \\ \$19,000/100 &= 190 \times .3583 = \$68.08 \text{ (City Property Tax)} \end{aligned}$$
